Director of
Planning and Development

Invite you to participate in the
CUY-East 185th Street Rehabilitation Project
Nottingham Road to Lake Erie
Virtual Public Information Presentation

When: June 1, 2021 to July 1, 2021

Where: www.east185streetscape.com

If internet access is not possible, please contact Cleveland District Planner Sharonda Whatley at (216) 664-3806 or Euclid Planning Director Allison Lukacsy-Love at (216) 289-8160

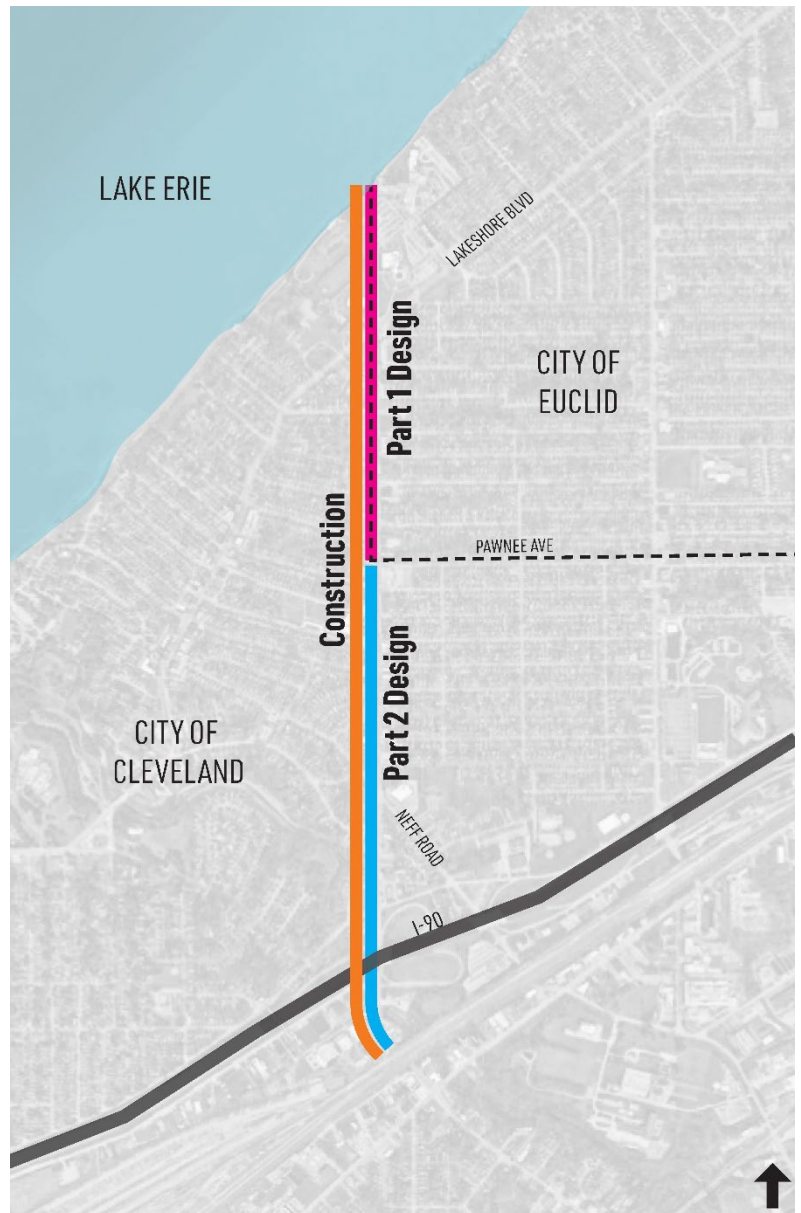

What: The purpose of this presentation is to provide information and receive feedback on plans for the upcoming East 185th Street Rehabilitation Project. See back of Flyer for proposed improvements on East 185th Street

Proposed Improvements

The proposed improvements on East 185th Street from Nottingham Road to Lake Erie include:

- Asphalt resurfacing of roadway pavement, including full and partial depth pavement repairs, where needed.
- Curb, sidewalk, curb ramp and drive apron replacements throughout the streetscape improvement limits. Replacement is based on ADA compliance and condition outside of those limits.
- Locherie Avenue, the fifth leg of the intersection with East 185th Street and Lakeshore Boulevard, will become a cul-de-sac to address safety concerns with turning movement confusion.
- Streetscape improvements including street trees, decorative brick paver amenity strips, curb bumpouts and decorative cross walks. In addition, branding features such as gateway entrance signage and pole mounted decorative metal banners.
- Parking lanes will remain along the corridor in available areas.
- New signing and pavement markings including bike sharrows within the East 185th Street travel lanes.
- Replacement of the Villaview Road, Neff Road and Lakeshore Boulevard traffic signals. Monterey Avenue traffic signal removed and replaced with a Rectangular Rapid Flashing Beacon (RRFB) for an enhanced pedestrian crosswalk.
- Replacement of the existing 10" water main with a new 12" water main from Mozina Drive to Pawnee Avenue.

East 185th Street Location Map

**Part 1 Design – Pawnee Avenue to Lake Erie
(Euclid & Cleveland)**

**Part 2 Design – Nottingham Road to Pawnee
Avenue (Cleveland)**

**Estimated Construction Cost (Part 1 & 2):
\$11,590,700**
